**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a professional retired nurse and firefighter, we depend on our current internet provider, Sonic. We live in a rural area and our first internet provider was dial up, then satellite internet, both which were slower than molasses on a frozen day, so when we found our current provider we were very thankful!

Please take action to continue our ability to support broadband competition, which gives all the ability to continue to use our internet. We are active in our community and the greater part of our communications are via internet.

Please help the "little guy", we support broadband competition and you should too.

Thank you for taking the time to read my email and bless you!
