**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Is this not America, the land of freedom and competition?

Have we become the land of oligarchs and monopolies?

Why should AT&T have the right to block access to lines needed by other internet service providers, especially when most of this infrastructure was paid for with taxpayer dollars?

The FCC should be an advocate for competition and not the protector of oligopolies!

Do you have the interests of the American people at heart or a few greedy corporations?

How you rule on this will prove whether you really believe in free enterprise and competition, or whether these are just empty concepts you espouse to protect the wealthy and powerful...
