**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

we live in Marin County, where a small player called Sonic is an exceptional example of a competitive provider, vs the lazy-slow-expensive-large-corporations.

The big players comcast, ATT and the like, perfectly know about their quasi-monopoly status and often offer sluggish service, slow and lazy customer service, and outrageous fees. When we switched to Sonic, they went to beyond any expectations to offer us a light-speed fast internet connection, and solved a problem that was present in our location regarding the availability of fast internet.

So please do not give the big corporations the monopoly status they want. They are already expensive and sluggish, and cutting competition will make this even worse.
