**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am writing to express my desire for you to continue to allow local ISP's to exist. basically, do not change the rules to give more power and control to comapnies like At&T or Comcast. These companies fo not care about their customers which they have proven time and again by not building out their service or better yet, getting fined because they were overcharging customers.

competition is the core of a healthy capitalist system, and what AT&T is asking for is free reign to get rid of all the local providers. This is not good for competition, and surely not good for me as a consumer.

Please do the right thing, not what is right for AT&T.
