**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Internet access should be a right! The current pricing for access is outrageous. I am 71 on a fixed income. My mother is 100 on a fixed income. We can not afford to pay for "normal" internet access, yet we need it for daily life (I use it to keep tab on my mom during the day). Phone service and internet combined is over \$100/mo. Now Sonic ISP is at least affordable and piggybacks off of ATT's old infrastructure for less than half. Please maintain the status quo and help us get relief!

Thank you,  
Ron Kusumi
