47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm writing because I have an underdog DSL provider Sonic.net in Mountain View, CA and want to make sure they stay in business and can grow and continue to succeed. For years I had AT&T DSL. They gave me a slow speed plan at a high price, their customer service was terrible, the bills would increase secretly over time without notice, and they sneakily tried to upsell me on their other services. Luckily I found Sonic.net which supported higher speeds at a great price with insanely great customer service. Without them, I'd be stuck with AT&T and their horrible treatment of customers. PLEASE SUPPORT LOCAL COMPETITIVE CARRIERS!!!

Thank you,  
John Gregorski
