**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use a competitive provider for broadband and phone. As someone who often works remotely, having this access to fast internet is critical for my livelihood.

It is so important to me that internet users across the country have an opportunity to access the internet through a variety of providers. Please save broadband competition. Don't take away access to unbundled network elements, which would lead to monopoly and increase the cost of internet.
