**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please allow companies like Sonic to provide us with better high speed internet to enable our small business to grow without being charged the high rates that AT&T is charging for a much slower speed. Our business relies on high speed internet for downloading and uploading high graphic images to our customers and from our manufacturers. Without reliable high speed internet our home furnishing business will be left behind as we cannot afford big business rates, which makes it even harder to compete.

Thank you,

Bryan Lasecke
