**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Home internet is essential today. Everything is online today. I need internet to connect to work. My children need the internet to communicate with their teachers and do their homework.

We need competition to prevent the established big players from taking advantage of consumers as they've proven in the past, with their false advertising, constantly raising rates, adding garbage fees, and poor service and lack of innovation.

Please do everything possible to enable healthy competition.
