**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

San Francisco is dominated by two large Internet providers, the local phone and cable companies. They provide mediocre (slow, lacking features, terrible customer service) service at oligopoly prices. Fortunately, there are also a couple of smaller providers who do a much better job in all those areas at competitive prices. (I use one, Sonic.) It's critical that the law that allows these providers to bring us this service through monopoly infrastructure is maintained; without it, those companies will charge me more and give me less. Please continue to mandate broadband competition!
