**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have the great luck to be able to choose sonic.net as my provider for the internet services I receive.

They are a great company with good ethics and good services and customer services.

It is essential to the health of our community that we have choice in our internet and phone services.

Please say NO to price hikes that increase the costs of these services which are essential to all communications, commerce and education in our country.

Please honor the basic American values of competitive commerce and recognize the dangers of corporate take overs that allow for so many threats to our freedom and liberty.

Thanks so much for listening.
