**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who appreciates the ability of smaller providers to compete with large telecom companies in providing quality broadband services. I use a local broadband provider and started with DSL and now get fiber service from that provider. I now get both telephone and internet services from them and am very satisfied as they have the best help line service I have experienced from any provider. I support broadband competition and want to keep it available to everyone.

Sincerely,

Michael Krikorian
