**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is essential to ensure consumers have choice - we cannot allow large corporations to dominate an industry and stifle innovation. The Internet should be seen and regulated as a basic utility, not something subject to price hikes and monopolies. As a small business owner, I depend on broadband everyday. I am opting for fiber for a faster connection and more flexibility over my previous Comcast cable connection.

Thank you for your consideration.
