**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I've been a long time customer of Sonic, first with their DSL service, which relied on unbundled AT&T infrastructure, and now with their fiber service. I chose Sonic because they respect net neutrality and my privacy, unlike the current virtual duopoly of Comcast and AT&T in my service area. Sonic has provided me with far better telephone and internet service than AT&T ever has and at a lower price than Comcast has ever offered outside of their "limited time offers". Without regulatory policies that enable broadband competition, I would be forced to choose a service provider whose privacy and net neutrality policies I do not support and at a price and service level I would not be satisfied with.
