**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

You are considering regulations that would encourage corporate monopolies, which are blatantly unethical.

Consumers like me deserve a choice of broadband services; and the future of a prosperous economy in this country depends on competition within this progressive market.

I am appalled at your courtship of big corporations and un-American trajectory of limiting opportunities for future generations.

And we need a competitive broadband market for technology to progress.

This should be obvious.

Sincerely,

Christy Shick
