**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I desire that broadband internet service rules allow for competition. Competition is a key to the free enterprise system and it allows for competitive pricing. Also, I use the internet extensively for my school teaching, and having competitive broadband service is crucial.

I'm a consumer that has limited competition for my television, and the cable companies take advantage of that through high pricing. DON'T LET THIS HAPPEN to my internet service.

Thank you.
