**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We recently joined Sonic, an independent internet provider in the North Bay in Northern California. They provide us with excellent internet connection, excellent speeds of data, and very accessible support staff when there are issues.

In order for Sonic to continue to provide us with the service we receive from them, they need continued unfettered access to unbundled ATT copper lines.

Please do not go against the 1996 Telecommunications Act.

Please maintain the competitiveness of the internet provider market.

Say no to ATT's petition to you to remove access to their unbundled network elements.

They are big and powerful enough.

Thank You,
