**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support local broadband competition. Local providers offer innovative services and progress when bloated lobbyist mega corporation have only suppressed change in my area while providing increasing costs and ever declining service. Without my current competitive broadband services I would not be able to work or pay my taxes that fund the FCC. Make the right choice for one and think of the end consumer instead of your kicks backs from mega corporations like ATT.
