**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Currently I have Sonic.net as my internet and telephone provider and they have provided excellent service and competitive rates for home and business services.

It would be unconscionable to allow one or two companies to monopolize the this services allowing them to set rates and quality. It is the competitions of other company that allow them to be honest and reasonable with pricing. Local broadband providers are the one can provide service to the rural communities, which I reside, otherwise we can not connect to the electronic highway.

Please continue to allow broadband competition.
