**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic.net because it is a first-rate company that listens to its customers and partners with them to solve common connection issues and represents an excellent value-to-service ratio. Our previous provider, a well-known communication giant, could not or would not provide the level of service and value that we now experience with Sonic.

I support the American way of healthy competition, because it better assures quality of service, a robust economy, and diversity of choice. Narrowing the field of providers is antithetical to these values.

Finally, broadband is a critical resource in our home, one that we have come to rely on for a variety of commerce and information services.

Thank you for your attention to these remarks.
Sincerely,
James Evans
