**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not interfere with businesses who try to compete with gigantic corporations, such as AT&T. After all, this country is based on democracy, therefore WE THE 90% of the US population do not want to pay exuberant prices just to feed greedy businesses.

I used to have AT&T for my internet & land line services. They kept hiking up their prices every year for their mediocre services. My services were interrupted all the time due to old malfunctioning equipment in their office requiring replacements of new equipment every time the technician came out. Almost three to four times, AT&T sent out technicians to my home to investigate the causes of my service outage. Finally, I was told, my home is too far from AT&T towers causing slow speed connection, screen freezing, dropping my connections, etc.

Now, I've been with SONIC almost a year & am happy with their services as well as the price I am paying is reasonable. I am saying NO More AT&T OR ALIKE BUSINESSES should be allowed the right to have monopoly of any type of businesses.
