**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My ability to choose the fiber network from Sonic five years ago improved my connection speed and lowered my costs by half. I use Sonic for my small business and personal internet access, television streaming and phone. I find their service and response better and more affordable than AT&T. AT&T is exactly what was broken up decades ago a huge monopoly that is attempting to erase competition and strangle the market.

Increasing the cost would be a bummer, no doubt, but this option is the best and I will continue to support this smaller provider with my patronage.
