**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition. After switching from ATT to another, smaller, scrappier, carrier I experienced 3x faster transmission speed, more stable sessions, better customer service, extra features, and a lower price.

For this critical infrastructure America lags behind other developed countries and even some emerging countries. We need more competition, not more consolidation to improve service and improve the foundations for our economy and society

Thank you for your attention
