**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I heartily support broadband competition as it allows fairness to consumers and small business owners like myself, from monopolistic pricing and control of the internet.

Sonic represents David against the Goliath, AT+T who seek to squash the competition and do away with competition.

Along with phone service, there has to be fair and level playing field for all.

May there be always fair and open market for services and discretion NOT to share personal and business data in an unauthorized way.

Thank you for reading my letter.

Sincerely,

Roger Oyama
