**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am both a consumer and small business owner and I support broadband competition. I believe competition serves the customer best and we deserve more than just two, equally terrible choices. Access to competitive pricing on things like broadband and DSL allow more people to have access to essential information and communicate with their communities, which is an essential element of creating a more just and peaceful society.
