47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

America needs Bridge 2 Broadband! Please stop big companies like AT&T from blocking competition and raising prices.

I am lucky to have competitive internet & phone service from Sonic. I have fiber internet now, and I had competitive DSL before that. I chose Sonic after being an AT&T customer for 30 years because AT&T kept raising its prices & providing worse customer service. For years, I had no other choice.

When Sonic came, I was so glad that a competitor was available. Sonic gives me great service at a great price, it works hard to keep my business, and it treats its employees great! It's a great American business story.

To keep our strong economy, every area needs to have competitive internet service, not monopolies.

Thank you,
