**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose SONIC, an AT&T competitor, for my internet and phone service after being gouged for years by AT&T. I previously had DSL with SONIC, but now benefit from a fiber optic connection provided by SONIC.

Broadband internet access is critical to our home since I am a telecommuter and small business owner who must often relay large documents via the internet. It also enables a variety of video streaming entertainment options that we enjoy.

Competitive phone service is also very beneficial to us since we must often call overseas.

Thanks for listening.
