**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Small businesses including telecom companies are the backbone of the economy. They are very important for their local communities and their business and residential customers. Small telecom companies can provide lower price communication services and more individual customer care. In 21st century everyone is depending on broadband internet. It is very crucial to have a choice in telecommunication carriers otherwise the bigger companies can increase the prices as they like.

Thank you

Abraam Setanyan
