**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband and phone service competition. I choose a small competitive provider due to their superior service and prices over the big providers who only provide high-priced bundles to increase their profits. In addition, the big broadband providers favor the status-quo over true innovation in services, support and cost.

Please keep the marketplace as competitive as possible - it is better for America and better for consumers.
