**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a teacher and a small business owner who uses my internet access for valuable resources to teach and conduct business. Having access to high speed internet at affordable prices is of the utmost importance to me and currently the most affordable option comes through small competitive ISP that would be effected by allowing larger companies to privatize telecom utilities. I urge you to please block the deregulation of these utilities so that good services can be provided by companies that care about their clients and not the top dollar.

Thank you.
