**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We do not want or need duplication of hardware for providing internet access in every neighborhood. We already have too many wires. Adding more is just a wasteful duplication of effort.

Do not allow telecoms to monopolize internet access by preventing the sharing of access

We have a system that works. Do not change it.
