**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I currently use an independent, competitive IPS provider. I switched from A T& T, because of price, ISP bandwidth and customer service. I was tired of the bad service from A T &T.

Having competitive pricing and allowing alternative providers helps keep the cost down. I do not want price hikes due to the lack of competition. Please vote NO to price hikes and allow competition.

Bandwidth is critical to our every day life. I use it for home and business. Any slowdown to the speed or increased cost for the same product will have a deleterious effect on my business, my pocket book and my time.

Thank you,

Anita Seghetti
