**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need broadband competition in order for consumers to continue to have a variety of choices! Today I have incredibly fast Fiber internet at a very affordable price that would not be possible without broadband competition and I think all Americans should have access to this luxury. If you limit competition, many will be stuck having to choose the lesser of two evils rather than the provider who satisfies their needs at a price that works for their families. Not to mention this will destroy small local businesses.
