**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I feel like this is lost on dead ears as you all cycle in and out of the corporations that you regulate, so why would you listen to a simple citizen. If you are a true American that believes in true capitalism, not crony capitalism, then you would support competition. The underdogs are fighting a good fight here--Sonic.net has THE MOST competitive service in San Francisco--the fastest speeds, the lowest cost, the best privacy, and so on. But it's only available in certain neighborhoods and it's a shame that they are the only ones offering such service--the Comcasts and AT&Ts are blocking their efforts.

Put another way, have you tried calling Comcast customer service ever? Do it, and then give me an honest reason as to why they Comcast should still be in business.
