**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. Historically, eliminating competition has led to higher prices for consumers and businesses, and then what follows are increasingly limited services without consumer recourse.

I choose a competitive provider, because I do not want my phone and internet prices to rise just because ATT wants to eliminate competition. We need more choices, not fewer, since that leads to monopoly and the downgrading of services while consumers pay more for them.
