**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose to go with Sonic, a provider outside of the standard Comcast and AT&T because they can provide superior service at better rates. Comcast & AT&T continue to increase prices with no additional service, and taking away our ability to go with other providers would have a critical impact on my ability to run my home business and stay competitive at work. I support broadband competition. We live in a free market society that should allow consumers to choose the best service for them. The government should not be limiting competition and raising prices by giving favorable treatment to the two entrenched companies who spend millions on lobbies. Do what's right for Americans, not companies.
