**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Dear FCC,

Please turn down AT&T's petition to take away access to unbundled network facilities. I have been using Sonic for quite a few years now and they are hands down the best internet service I have ever used. They deliver good internet service, excellent customer service, and have not continually jacked up the price I am paying. I have had both Comcast and AT&T internet service in the past. HATED BOTH because of lousy customer service and ever creeping prices for ever-worsening service. I was thrilled when I found out Sonic was available in my area. My parents, who live near me, currently have AT&T their service sucks. Just say No to the monopolistic jerks at AT&T. Competitive service offerings from companies like Sonic are working, Don't let AT&T take that away!

Also, besides internet service, we get phone service through our ISP Sonic.net. Losing the Sonic service would therefore mean a double whammy - both phone and internet through AT&T. I'm sure we would end up paying more if forced to switch to AT&T. Don't let AT&T force us to switch away from Sonic, which is working great and provides great support.
