**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please deny ATT's and US Telecom's request. We need to maintain competitive access to critical unbundled network elements. These unbundled elements are the critical last-mile copper and inter-city fiber.

We switched from ATT to Sonic several years ago because ATT's service was below par and their Customer Service inferior. Since we switched to Sonic we have been very happy with their service (better speeds than ATT) and their Customer Service response has been far superior.

We would hate to lose our provider (Sonic) if they are not allowed to maintain access to the critical last-mile copper and inter-city fiber.

Thank you for helping maintain Internet services competitive and for preventing monopolies.

Sincerely,  
Jack Armijos
