**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The fiber connection provided by my local internet company is orders of magnitude better than the porn forced upon customers by the likes of AT&T, Verizon, and Comcast. The unlimited telephone service at minimal price gives lies to the gouging of those national carriers.

NO to price hikes that will increases the cost of internet and telephone services. Open access, net neutrality, and broadband competition is vital to every community in the US. Our broadband prices are 5-10 times more expensive than in China are far inferior in quality.
