**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Paired copper lines in my building are the only way for my business to get fast enough internet for me to conduct my operations.

Plus , a competitive market for a variety of providers is a key element to a fair market for us the consumers.

I personally dont want to live in a world where only the obvious big communication giants rule the market and dont leave any room for new creative communication solutions and companies.

Thank you

Raphael Laski
