**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As an 86-year old senior citizen, Sonic has been an integral part of my interaction with the real world. What I mean is the services they provide is nonpareil and more than that the cost is within my budget with dollars to spare. I tried numerous times to deal with AT&T, nevertheless, they always managed to increase their prices without an advance notice which left me without any services at all including telephone which is really vital at my age to stay in contact with my children who no longer live in the city.

I do pray that you will reconsider what a necessary part of life the internet and telephone is for those of us who no longer have a salary. Moreover, the affordability of services provided by Sonic is the major contributing factor.
