**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose to work with Sonic internet provider over at&t and Comcast based on their level of professionalism and quality service.

I will not be able to afford price hikes that will increase the cost of internet and telephone services in my community.

Having broadband is critical in order to help with my family business inquiries and other related research.

As a business professional I respect fair competition between large corporations and smaller entities trying to find their niche in the market. This is what makes our country thrive. I believe the laws should provide fair opportunity to access broadband infrastructure in order to compete and offer their unique services to all.
