**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who support broadband competition. I oppose price hikes that will increases the cost of internet and telephone services. I also work from Home mostly and internet connect is indispensable to my life and income. In addition I also rely on the internet for my education and follow many online classes. Companies like A&T can undermine true democratic values and competition. If those are the American values you share then also consider the voice of the American people.

Regards,
