**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need more competition among internet service providers, not less.

As a consumer, I believe that healthy competition depends upon fair access among all parties to existing infrastructure.

Furthermore, the development of broadband internet and fiber in all communities requires competition and customers.

I urge you not to protect big companies like AT&T at the expense of smaller ones.
