**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Living in Orange County, CA, one would think I would have access to affordable, reliable internet/broadband. Yet, as I type, if it's reliable, it's not affordable; if it's affordable, it's throttled and/or flaky. As a home-office knowledge worker, and considering landline (dsl) and mobile, I pay too much to stay connected -- something everyone knows costs relatively nothing to maintain when running. Please do something about it and safeguard choice-based access to the Internet.
