**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am writing to you because we need competition in both our telephone and internet service providers. We will not tolerate anything less. My brother-in-law was able to get Fiber internet last year because he had CHOICES and OPTIONS. This is paramount to every industry in the United States, and ISP's should be no different.

Further, the fact that smaller, local companies are able to compete with the larger broadband businesses is exactly what I am talking about. Companies like Sonic are really important and we need rules in place so that they can compete on a fair and even playing field with larger companies like Comcast.

Thank you!
