**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I switched to Sonic years ago. At the time, Sonic was still only using DSL, but their prices were very competitive and all the reviews I'd read were positive. So was my experience! I didn't need nor want bundled television, which AT&T kept trying to sell me.

Things improved even more dramatically a few years ago, when Sonic rolled fiber out to my neighborhood. I work from home several days a week, and the increased speed is incredible. I can do more from home than I can from the office some days.
