**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please dont let the big guys take over! Im a consumer and I live being able to have options! AT&T doesnt actually care about its consumers. They care about the money they make.
I also work in Telecommunications and this would be detrimental to the successes of advancing internet services.

I love my Sonic service and havent seen a price increase in years. They provide affordable, consistent internet without gouging their consumers.

The 1996 Telecommunications Act is supposed to work by enabling competitive market entry and encouraging new network deployment. Allowing AT&T to undo two decades of advancement is taking us back to a time we dont deserve.

Please dont do this!!

Thank you,
Courtney Ratto
