**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

ATT is very expensive for what we need. I chose another phone and internet service provider because their pricing structure was more competitive than I had. I stick with them and am hoping to no matter where I move to. Our family needs to have internet service for a reasonable price. I use it fin the work I do for volunteer organizations, my spouse uses it gain access to news, and our granddaughter uses it to do her homework. Our neighbor who lives a bit further out of town than we do doesn't have the choices we do and it would only get worse if you don't let broadband competition exist.
