**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have a small psychotherapy practice and need fast fiscally competitive phone & Internet to do everything from research to secure billing. My local ISP also provides rapid customer service response & accuracy not found in large conglomerates. I do not have staff to wait on hold or place multiple calls to get responses or fix problems. I also can ill afford large phone & Internet server bills. Please refrain from sending us back to the dark ages of AT&T monopoly.

Thank you.
